Dr. Ismael Sosa, Jr.  
President  
Southwest Texas Junior College  
2401 Garner Field Road  
Uvalde, TX 78801-6297

Dear Dr. Sosa:

Thank you for two recent letters regarding change at your institution. Your letter of January 25, 2008 (received in our offices on January 31, 2008), notified the Commission of your intent, effective fall, 2008, to implement a Level 2 Certificate for the following programs:

Automotive Body Technology  
Automotive Technology  
Air Conditioning and Refrigeration Technology  
Diesel Technology

All courses required for the change are in the approved curriculum. We accept the notification and require no additional information from you.

You wrote on January 28, 2008, to provide the implementation date for the Associate in Applied Science in Radiologic Technology degree program of fall term, 2007. We approve the proposal, shall include it within the scope of accreditation previously granted, and wish you and your colleagues much success with it. Thank you also for the description of the process for timely reporting of substantive change in your earlier letter.

Since the notification and submission of the prospectus was after the program had begun and in violation of Commission policy, the late reporting and requesting of approval will be referred to the Commission at their June meeting for their review and consideration.

Best regards,

A handwritten signature in cursive script that reads "Belle S. Wheelan".

Belle S. Wheelan, Ph.D.  
President  
Commission on Colleges
